Experience

UI DEVELOPER | SOFTOBIZ TECHNOLOGIES PRIVATE LIMITED | MAR 2021 - PRESENT

- **Key Responsibility**

  Role and Responsibility: In my capacity as a UI and Frontend Developer for the Insurance project, I translated design concepts into responsive web interfaces. Collaborating with UX designers, I used multiple technology as per the requirement to create user-friendly and visually appealing pages. I optimized frontend performance, collaborated with backend developers, and ensured smooth integration. My role significantly improved user engagement and overall platform usability.

- **Projects that I have worked on**
  - Kochava Search Ads Maven 🔗
  - Cashel Family office 🔗
  - Hagfen 🔗
  - Health Insurance app 🔗
  - Stackways 🔗

Achievement

RECOGNITIONS AND AWARDS

- Star of the Project
- Pat on the Back Award
- Trend Setter Award
